

Construction Management

B.A. & CERTIFICATES IN CONSTRUCTION MANAGEMENT

STACKABLE CERTIFICATES PROGRAM OVERVIEW

- ▶ Construction Management
- ▶ Project Management
- ▶ Construction Leadership

Earn three stackable certificates that collectively fulfill core bachelor's requirements in construction management—an industry-relevant degree designed for technical professionals.

SHAPING THE NEXT GENERATION OF CONSTRUCTION MANAGERS

Rowan University's online Construction Management program is designed for pre-apprentices, apprentices, journeypersons, and seasoned professionals who are looking to develop the leadership and technical skills needed to plan, execute, monitor and control the construction process.

The Construction Management program at Henry M. Rowan College of Engineering offers nationally ranked education focused on innovative technologies and practices for local, regional, and global industries. Courses are entirely online, providing flexible, affordable, and accessible learning tailored to adult students' schedules, with weekly faculty interactions via web conferencing.

What Makes Rowan's Stackable Certificates Program Different?

Built by
labor
for labor

Gain the most
relevant skills and
knowledge to
manage your future
job sites

Leverage
union training
to earn a
credential

Receive credit for
prior experiences and
college-level skills
developed outside the
classroom

Education
anytime,
anywhere

Learn 100%
online and on your
own schedule

CONVERT APPRENTICESHIP & TRAINING TO ACADEMIC CREDITS

The program values work-based learning and recognizes prior college credits. Union apprenticeships and specialized training can fulfill general education and elective requirements, accelerating degree completion in as little as two years or faster for certificates. Rowan University partners with local unions nationwide for credit awards; contact your union leadership to learn more about partnerships with Rowan.

TO EARN THE B.A. IN CONSTRUCTION MANAGEMENT, COMPLETE:

Construction Management Requirements: 36 Credits (see chart above)

General Education Requirements: 46 Credits | Electives: 38 Credits

1		2		3	
Construction Management		Project Management		Construction Leadership	
Course Title	Credits	Course Title	Credits	Course Title	Credits
Fundamentals of the Construction Industry I	3	Construction Cost Accounting, Estimating, and Finance	3	Advanced Leadership and Communication	3
Fundamentals of the Construction Industry II	3	Construction Project Planning and Scheduling	3	Industrial Relations in the Construction Industry	3
Project Building Systems	3	Building Energy Systems for Construction Managers	3	Construction Safety and Loss Prevention	3
